NEED REAL-WORLD SOLUTIONS?

Global Advantage helps technology companies expand their markets and develop their products. We work with companies ranging from startups to large multi-national corporations.

Global Advantage provides hands-on, customized assistance through a network of experienced partners. We can help with:

- *Business development*
- *Market access*
- *Product development*

GAIN A COMPETITIVE ADVANTAGE

Let us help your company grow.

When you work with Global Advantage, you're connected to the University of Arizona, a premier research university, and to the UA research parks, the largest technology parks located along the U.S – Mexico border.

Global Advantage provides a soft landing for international companies interested in doing business in the United States. We also provide support and service for growing domestic companies.

REACH NEW MARKETS

Our location in Tucson, Arizona, provides access to the thriving markets and global connections of North America. We have direct access to the major markets of California and Texas as well as northern and western Mexico.

DEVELOP YOUR PRODUCTS

Global Advantage provides support for companies at every stage of product development:

- *Research and development*
- *Prototyping*
- *Proof of concept*
- *Testing, validation, and demonstration*

Ready to manufacture? We provide access to high-quality, low-cost manufacturing facilities in the U.S. and Mexico.

BE PART OF OUR NETWORK

When you work with Global Advantage, you tap into our network of trusted partners.

You'll benefit from expertise in design, engineering, finance, law, real estate, manufacturing, and more.
