

SOLAR ZONE

THERE'S NO PLACE LIKE IT UNDER THE SUN

THE UNIVERSITY OF ARIZONA

**TECH PARKS
ARIZONA**

The Solar Zone at the UA Tech Park is the largest multi-technology solar testing, evaluation, and demonstration site in the United States.

It's home to some of world's most innovative renewable energy companies. Through research & development, power generation, and manufacturing & distribution, they're creating sustainable solutions for a safer, healthier, and more productive planet.

WHY LOCATE YOUR COMPANY AT THE SOLAR ZONE?

REAL-WORLD TESTING

At the Solar Zone, you can demonstrate and evaluate your technologies in real-world conditions — connected to the power grid. Add credibility to your efforts with third-party validation of system performance.

FULL SPECTRUM TECHNOLOGIES

From solar chips to test panels and arrays, from generation to distribution and storage — Solar Zone has it all. Whatever your focus is...if it relates to renewable energy, you can do it at Solar Zone.

SUNSHINE AND SPACE

The sun shines on Tucson 85% of the time. And it shines with optimal solar radiance. That means you can test and evaluate your solar technologies efficiently year round.

We have 233 acres devoted to testing, demonstration, and evaluation of innovative solar technologies. There's plenty of room to test new technologies side-by-side under similar conditions. And there's always room to grow your business and expand your reach.

UNPARALLELED EXPERTISE

Solar Zone is part of the University of Arizona, a world-class research university with an international reputation for excellence in solar and renewable energy technologies. You'll benefit from collaborative partnerships with groundbreaking researchers and a talented, solar-savvy workforce.

EXCEPTIONAL SUPPORT

Our Tech Parks Arizona business support team is ready to assist you. We'll help you get started, make productive contacts, and connect with the University of Arizona and the region's vibrant community of solar and renewable energy leaders.
